Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I can barely afford a phone now. I am concerned that this proposal could make my current service unaffordable. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Lou McClain
